# 1. Introduction

The Corporate Transparency Act requires certain types of U.S. and foreign entities to report beneficial ownership information to the Financial Crimes Enforcement Network (FinCEN), a bureau of the U.S. Department of the Treasury. Beneficial ownership information is information about the entity, its beneficial owners and in certain cases its company applicants. Beneficial ownership information is reported to FinCEN through Beneficial Ownership Information Reports (BOIRs).

FinCEN's website includes guidance about the beneficial ownership information reporting requirements on its [beneficial ownership information webpage](#). FinCEN's [Small Entity Compliance Guide](#) explains who must report, what they must report, and when they must report. The Guide includes interactive flowcharts, checklists, and other aids to help determine whether an entity needs to file a BOIR with FinCEN, and if so, how to comply with the reporting requirements. The following sections contain information on where to look in the [Small Entity Compliance Guide](#).

## 1.1 Who

An entity is required to report beneficial ownership information if it is a "reporting company" that does not qualify for an exemption. Chapter 1 of FinCEN's [Small Entity Compliance Guide](#) may help you determine whether an entity qualifies for an exemption.

## 1.2 What

Beneficial ownership information is information about an entity, its beneficial owners and, in certain cases, its company applicants. The person submitting beneficial ownership information to FinCEN must certify the information is true, correct, and complete.

- The specific information required is described in these instructions and in Chapter 4 of FinCEN's [Small Entity Compliance Guide](#).
- To learn more about how to identify beneficial owners, review Chapter 2 of FinCEN's [Small Entity Compliance Guide](#).
- To learn more about the reporting requirements for and how to identify company applicants, review Chapter 3 of FinCEN's [Small Entity Compliance Guide](#).

### 1.3 When

FinCEN began accepting BOIRs electronically through its secure filing system on January 1, 2024. The deadline for submitting a BOIR depends upon when the reporting company was created or registered to do business in the United States.

If the reporting company was created or registered:	The filing deadline is:
before January 1, 2024	January 1, 2025
On or after January 1, 2024 and before January 1, 2025	90 days after receiving actual or public notice that its creation or registration is effective
On or after January 1, 2025	30 days after receiving actual or public notice that its creation or registration is effective

If there is any change to the required information about a reporting company or its beneficial owners in a BOIR that a reporting company filed, the reporting company must file an updated BOIR no later than 30 days after the date on which the change occurred.

If the reporting company identifies an inaccuracy in a BOIR that the reporting company filed, the reporting company must correct it no later than 30 days after the date the reporting company became aware of the inaccuracy or had reason to know of it.

More information about reporting timelines may be found in Chapter 5 and Chapter 6 of FinCEN's [Small Entity Compliance Guide](#).

## 2. Preparation for Filing

The web filing **must** be completed and submitted in real time, so you must have the information below available before you begin. ***It cannot be saved and worked on later.***

### 2.1 Gather required information.

#### Have the required identifying information (or FinCEN ID) available for beneficial owners and company applicants (if applicable).

Collect the required information from each of the beneficial owners and company applicants (if applicable):

<input type="checkbox"/>	Name	<input type="checkbox"/>	Unique identifying number from an acceptable identification document
<input type="checkbox"/>	Address	<input type="checkbox"/>	Name of the issuing jurisdiction of that identification document
<input type="checkbox"/>	Date of birth		
OR			
<input type="checkbox"/>	FinCEN ID <i>(optional)</i>		

### 2.2 Confirm documentation requirements.

#### Unless you are providing a FinCEN ID, obtain an electronic image of the acceptable identification document required for each company applicant and beneficial owner.

An acceptable identification document is a nonexpired:

- State-issued driver’s license;
- State/local/tribe-issued ID;
- U.S. passport; or
- Foreign passport

**NOTE:** A foreign passport is only acceptable if the individual does not have one of the other identifying documents.

The image must be a complete, clear, and readable image of the page or side of the identifying document containing the unique identifying number, and other identifying data. The supported formats are:

- JPG/JPEG
- PNG
- PDF

The maximum file size for each image is 4 MB.

Fill in the missing required information. Then certify the BOIR and submit.

**Error:** File size exceeded when attaching identifying document.

If you upload an identifying document attachment that is greater than 4MB, you must decrease the size of your attachment file. For example, if the file is a JPEG image of a driver's license or passport, you can decrease the size of the image. The best way to decrease an image's size will depend on the image-editing program used, but instructions for doing so generally may be found online.

**Error:** File type not accepted.

If you upload an identifying document attachment that is not of the required file type, you must save the document as a JPG/JPEG, PNG, or PDF file. The best way to export a file will depend on the application used, but instructions for doing so may generally be found online.

**Error:** Only one file is accepted when uploading multiple identifying documents.

The system will allow you to attach and upload only one identifying document per beneficial owner or company applicant. Select one identifying document to attach for each beneficial owner or company applicant.
